THE IMPORTANCE OF BIBLICALLY RESPONSIBLE INVESTING

In a world filled with economic uncertainty and moral decline, the need for wise financial stewardship has never been greater. As believers, investing is more than just a financial decision; it's a way to honor God and fulfill His biblical mandates. Biblically responsible investing allows you to align your financial goals with your faith, ensuring that your resources support values and causes that matter deeply to you.

As believers in God, we know that His covenant provides divine protection for those who bless God's chosen Land and His chosen Jewish people. This guide will walk you through the profound benefits of supporting Israel and discuss how you can get started with investing in Israel with Wise Money Israel.

PART 1: THE BIBLICAL MANDATE FOR INVESTING

SPIRITUAL BASIS FOR INVESTING IN ISRAEL

Investing is not merely a financial decision; for believers, it is a spiritual act that honors God and His commands. The Bible provides clear guidance on the importance of supporting Israel, God's chosen land and people.

GENESIS 12:3: "I will bless those who bless you, and whoever curses you I will curse; and all peoples on earth will be blessed through you."

EXPLANATION: God's promise to Abraham (and confirmed to Issac and Jacob) signifies that those who support Israel will receive His blessings. As a biblical investor, supporting Israel is a direct way to invite God's favor into your financial life.

PSALM 122:6: "Pray for the peace of Jerusalem: 'May those who love you be secure.'"

EXPLANATION: This verse encourages believers to seek the prosperity and peace of Jerusalem. Investing in Israel can be seen as a practical extension of this prayer, contributing to the country's stability and success.

ISAIAH 62:1: "For Zion's sake I will not keep silent, for Jerusalem's sake I will not remain quiet, till her vindication shines out like the dawn, her salvation like a blazing torch."

EXPLANATION: Supporting Jerusalem until it reaches its full potential is a biblical call to action. Investing in Israel aligns with this vision, promoting its growth and development.

ROMANS 15:27: "For if the Gentiles have shared in the Jews' spiritual blessings, they owe it to the Jews to share with them their material blessings."

EXPLANATION: This scripture highlights the spiritual and material interdependence between Gentiles and Jews. As a Christian investor, sharing your financial resources with Israel honors this relationship and supports God's chosen people.

RESEARCH

Furthermore, **80%** believe that the modern rebirth of the State of Israel and the regathering of Jewish people are fulfillments of Bible prophecy, showing that we are getting closer to the return of the Messiah. This strong biblical foundation and positive perception reinforce the importance of supporting Israel through investments.
